Welcome

Located in Gunnamatta Bay, on Port Hacking, the Royal Motor Yacht Club - Port Hacking is a social, recreational, entertainment, sailing, fishing and cruising club that is proud to be at the heart of its local community.

With uninterrupted views out over Gunnamatta Bay, our Club enjoys arguably one of the finest waterfront locations in Sydney's south with marine facilities that are the envy of many.

The Club provides a home away from home to a friendly group of members with a diverse range of on-water interests. There are groups who enjoy Sailing, Cruising and Fishing. Our members have also formed a long-running Social Golf Club and our Club is home to the Port Hacking Game Fishing Club, whose major event of the season, the Port Hacking 100, is the largest and richest Central Zone tournament of the season.

In more recent years the Club has had a proud association with the Port Hacking Putters - Putt Putt & Classic Boat Regatta which raises funds and awareness for Marine Rescue NSW.

We are your local Club, with a passion for building solid community relationships. A non-profit organisation, our revenues are reinvested into the Club to ensure we continue to grow and evolve.

With our stunning waterfront location, marina, boat ramp, slipway and shipwright services from Port Hacking Slipway, onsite marine electrician with BGS, a range of detailing and brokerage services from Lifestyle Boating, boat licensing via Sea School, dry storage and sense of community, RMYC - Port Hacking is the complete venue to enhance your life on the water.

Since its formation in 1934 the Club has prided itself on its relaxed and informal atmosphere. Member, potential member, guest or visitor, you will find everything you want – and more – at the Royal Motor Yacht Club - Port Hacking. Members and staff look forward to providing a fantastic experience very soon.

AIR FORCE ONE

Air Force One can add value to your home or business.

Whilst many millions can be spent on making your home or work space look great, they are often let down by dirt and grime. Air Force One can change that. Our many local customers and our commercial clients, like Novotel Brighton, Oscar Hotels and Cronulla Golf Club, trust us to look after their properties.

Scan the QR codes below to find out more!

WATERFRONTS

Our waterfront property gets so dirty from the weather we needed some professional help. Called Air Force One, Jake quoted for free and it was very reasonable. He did such an amazing job, I have booked him to come every 6 months. Can't recommend Jake and his team from AFO enough. **Nick F.**

COMMERCIAL

Butcher shops need to be super clean, so having the ground in front of my shop dirty didn't sit well with me. Lots of my customers have used AFO, so after a Free quote, they cleaned it all up after business hours. The result is beyond my expectations. Jake is booked in to do this regularly now for me. Thanks AFO, great job. **Paul T.**

DRIVEWAYS

Our Real Estate agent suggested we have the driveway High Pressure Cleaned before we put the house on the market for sale. What a difference! We couldn't believe how much better it made the house look and it added value to it. It's now ready to have the sale photos taken. Thank you Air Force One, we are so glad we found you, you did a great job! **Irene T.**

The Club and its

History

The Port Hacking Rowing and Motor Boat Club operated at Lilli Pilli from 1922, changing its name to the Port Hacking Power Boat Club in 1932.

In January 1934, Foundation Commodore Claude Daly and Vice Commodore Frank O'Brian approached the Royal Motor Yacht Club of NSW with a request for the establishment of a branch of the RMYC at Port Hacking.

The idea was backed unanimously, and 8 December 1934 saw the opening on our current site of what was then RMYC - Port Hacking's modest clubhouse.

Today the 'Royals' family comprises Rose Bay (Point Piper, the 'parent' club), Broken Bay, Toronto and Port Hacking, all incorporated organisations owned by their members.

Early activities of our Club centred around speed boat and cruiser racing and, until the late seventies and early eighties, Gunnamatta Bay was the site of the Club's registered race circuit where traditional and 'three pointer' hulls raced at speeds in excess of 50mph.

Many of the proud traditions of the Club have their roots in the Club's past and continuing association with the Royal Australian Navy. This included the Club's premises being taken over by the Navy during World War II to house the Southern Command Headquarters of the Volunteer Coastal Patrol, under the command of Rear Admiral Gould. During this time a number of members' boats saw service as coastal patrol vessels between Sydney and Wollongong.

Insure with local people you can rely on

Your local Elders Insurance agent in the Shire, Peter Jamieson, can look after all your insurance needs and is worthy of your trust. Because unlike other insurance providers he actually lives and works in your community.

Members of the Royal Motor Yacht Club of Port Hacking can also access a member discount of up to 20% on Boat, Home, Vehicle, Caravan and Business Insurances*

Talk to a local about your insurances.

Contact Peter Jamieson for a personalised quote today.

Monthly instalments are available for farm, business, home, motor, boat and landlord insurance policies.

Insurance

Extended and modernised in 1995, and more recently in 2018, the RMYC clubhouse offers wide-ranging facilities to its members and community. This year should see the upgrade of the kitchen facilities as well as new dining and lounge facilities for members and their guests.

In April 2012, the Club was proud to open a new floating concrete marina with 64 berths which can accommodate vessels up to 18 metres, a substantial investment further underlining our commitment to being the Club of choice for those wishing to enjoy recreational boating activities within the Sutherland Shire area. Further improvement plans for this year include the construction of 8 additional berths to meet local demand and the return of a fuel wharf.

The Club has been a proud supporter of the McGrath Foundation for several years through a number of its own major events and fundraising activities. It has continued this support by donating a custom-designed McGrath Foundation pendant hand crafted by Master Goldsmith, Andrew Pitcairn using gold and diamonds donated by the Yates family, for use in their fundraising auctions at the Sydney Pink Test at the SCG.

Waterfront

Facilities

The RMYC - Port Hacking is home to one of the largest floating concrete marinas on Port Hacking.

The Club's marina opened in April 2012. Permanent berthing of registered boat owner members' vessels is offered through a registered waitlist.

Our excellent marine facilities, though, extend beyond modern marina pens and include:

- A professional slipway service with Tim at Port Hacking Slipway
- Marine Electrician – BGS Electronics
- A boat brokerage and range of detailing, maintenance and skippering services from Lifestyle Boating
- Boat launching ramp for members only and a dedicated 15-minute trailer boat tie-up area on our 'fendered' pontoon
- Club dinghies

- Tender service on weekends and public holidays available to all 'on-water' memberships.
- Power and water available at the marina
- Showers
- Boat catering
- Ice

Fuel is available but needs to be pre-booked and is delivered by tanker. Plans for improvements this year include the reinstatement of a permanent fuel wharf.

Boats can only be launched between 7am and 10pm by Registered Boat Owner Members of the Club.

Our Marina Assistants are available to assist on the marina at weekends and on public holidays from 8am to 5pm (8am to 6pm in daylight saving hours). They can be contacted by calling 0466 083 201.

Our clients all have a great logistic partner. **Do you?**

Subject to availability, the Club is able to offer marina berths, moorings and casual berthing. Facilities include:

Berths

A full floating concrete marina with 64 berths which can accommodate vessels up to 18 metres. Berths are accessible 24 hours a day and each berth has shore power and water.

Moorings

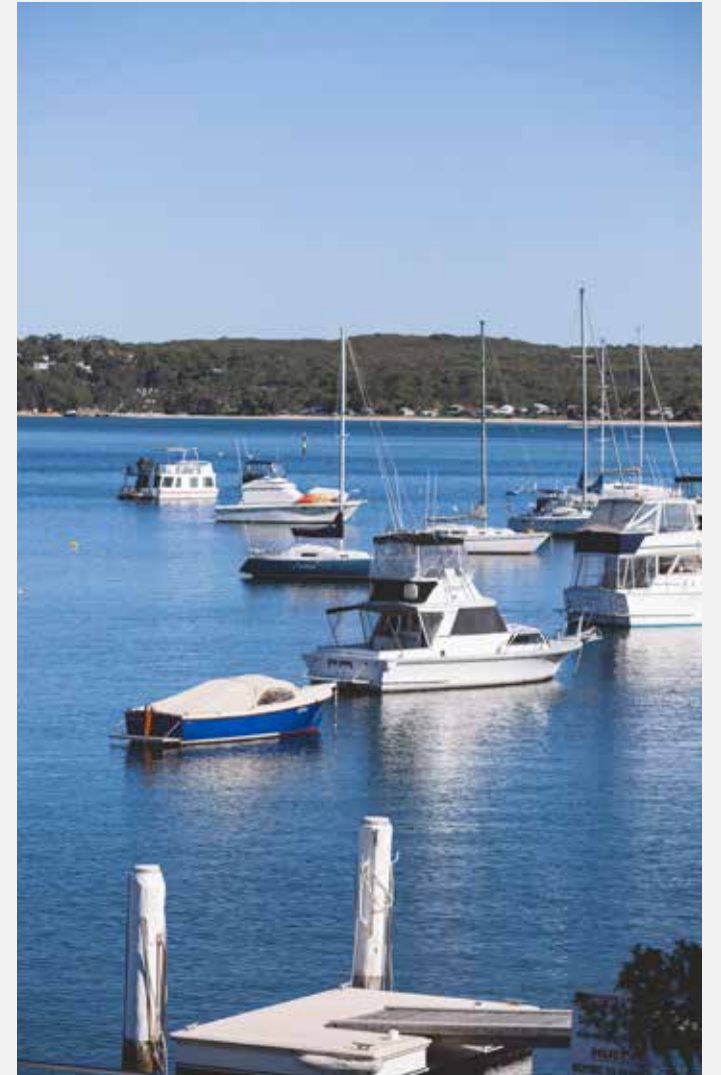

The Club has a number of permanent moorings all within close proximity to the Club.

Casual Berthing

Overnight pens and casual berthing can be arranged upon request via reception. A Casual Berthing agreement must be completed and returned along with a current insurance policy that covers the vessel to the value of \$10 million for public liability. This form can be downloaded from the website along with a map of the marina. Allocation of vacant pens is via the office upon return of the appropriate documents.

The Royal Motor Yacht Club Port Hacking welcomes visitors to experience our waterfront facilities. We can be located via GPS coordinates 34°03'45.8"S 151°08'30.4"E

For those looking for a casual tie-up to enjoy a lunch or dinner, please enquire with reception to ensure that your vessel is accommodated whilst you are dining.

Please contact the office for the various size and waitlist details. Casual berthing is available subject to prevailing availability upon booking through the office.

CELEBRATING **50 YEARS** OF SERVICING THE SHIRE & THE GREATER SYDNEY COMMUNITY

Miranda Auto Body is proud to be a family owned and operated smash repair centre, servicing the Sutherland Shire and the wider community of greater Sydney. In 2022, we are celebrating 50 years of business, looking after our customers and supporting the community.

We understand the investment our clients dedicate into purchasing their luxury vehicles and the trust they have in their motor vehicle, to keep their family and loved ones safe on the roads. When you are in an accident, it happens in a split second and the only thing that is important is everyone's safety. Feeling safe again, in your own vehicle post-accident, is our mission at Miranda Auto Body.

Being a certified and authorised accident repair centre for Mercedes-Benz, is your guarantee that we have the superior capabilities, skills, training and equipment to return your prestige car back to pre-accident condition and the manufacturers' high specifications, so you feel safe in your vehicle again.

We have the executive facilities, specialist tooling and technical equipment to repair all Mercedes-Benz models and other prestige cars for owners who live throughout greater Metropolitan Sydney from Wollongong to Campbelltown, Cronulla to Revesby, Brighton to Balmain and anywhere in between.

"For us, our customer satisfaction comes second to none. The ongoing training of all staff specialising in factory standards and quality repair techniques ensures all repairs are performed using manufacturers methods and techniques, keeping the superior safety and quality of your vehicle."

Paul Mackay | Managing Director

Our History

Miranda Auto Body, formally known as Miranda Body Shop, has always been family owned and operated since its humble beginnings in 1972. Bob and Kris Mackay established their business in Sydney's Sutherland Shire. "Body shop' came from watching what was going on in the industry in America as I knew it was important to know where the future of the industry was heading.

Smash repairs shops were called 'body shops'. Miranda was our first factory location, being in Miranda and Kris loved the name. Our colours yellow, with the green, was to grow the business with our trucks being bold yellow so they would stand out and provide a safety at the scene of an accident, to warn those driving. It was going against the 'norm' at the time and it was a great decision," says Bob. "Bob has always been ahead of his time in his thinking and the name just worked," added Kris.

What began with Bob working during the day repairing vehicles, while at night attending accidents to tow customers vehicles to the shop, while Kris worked full time (so they could live due to being self-funded) and then managed the accounts in the evenings and weekends, is now 50 years in business.

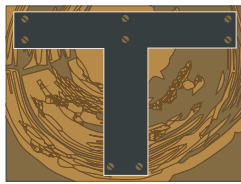

2012 saw the business transition to the second generation, Paul Mackay, and became the 4th repair centre to qualify for certification by Mercedes-Benz for Sydney NSW, Miranda Auto Body had been recognised for their superior reputation, high calibre of repair work over the decades, and their consistent performance and contribution to the industry.

The repair facility has been purpose built to high specifications, including new spray booths, the latest technology, advanced equipment and state of the art tooling. We are dedicated to ensuring our customers have an exceptional and unrivalled experience, while their vehicle is being returned to manufacturers' specifications.

"It is extremely important to us that our customers can feel safe again in their vehicle with their family, after being in an accident. Being able to repair their prestige car and exceed their expectations, is the most rewarding part of the process!" says managing director, Paul Mackay.

If you have a prestige vehicle like Mercedes-Benz, we know that you take pride in your car and superior safety specs of your vehicle. Should you find yourself in a car accident, it would be our pleasure to repair your vehicle back to pre-accident condition, just like your purchased it, so you can feel safe and secure driving your family and loved ones.

Fishing or Sailing Crew on a Member's Boat

Powering Australians for 25 YEARS

Because we know you're as passionate about getting out on to the water as we are, we're here to equip you with all the tools you need to Power Your Passion!

1. If you're planning on cruising Australia's amazing waterways, make sure you know everything about what batteries are right for your vessel by visiting us in store.
2. Marine batteries are specifically engineered to resist vibration from wave pounding which is why they should be the only batteries used in your boat.
3. Ensure you have a fully charged battery before heading out.
4. After you've enjoyed a fantastic day out, make sure your battery is stored in a dry area and out of the elements in order to maintain its peak performance.
5. Finally, it's vital that your battery fits snugly into its carrier to prevent premature failure.

Remember, our team of experts are here to keep you powered on-road, off-road or on the water. With access to over 14,000 products, coupled with expert advice and free car battery testing and fitting, we have the perfect solution for you. So whether you're planning your next trip or simply needing power solutions along the way, make sure you pop into store and we'll make sure you're ready to Power Your Passion.

Sailing

Division

The RMYC Port Hacking Sailing Division has a long, proud history of racing and cruising on the beautiful waters of the Port Hacking, Bate Bay and beyond since 1964.

From ambitious Olympic hopefuls to novice sailors and everything in-between, we welcome all with an interest in Sailing.

Our sailing season starts in September with the Founder's Trophy race and a full year-round calendar gives sailors a chance to race, cruise and experience our local pristine waters. There is sailing on Wednesday evenings and afternoons, Sunday races and an active cruising division for those that want to relax.

***Serving the community
for over 50 years***

-and still going strong!

Established in 1968 by Ralph Chappelow, his expertise and outstanding work ethic have been passed on to many who have worked for him over the years, and now his grandson, Nathan, is ensuring his commitment and legacy continues.

The focus of R.Chappelow & Co has always been customer service, and a commitment to honing our skills to provide you with the most professional tradesmen. Jobs big and small always receive dedicated and thorough attention from our staff.

AFTER

Licenced Plumbers, Drainers, Roof Plumbers, Gas Fitters

We conduct Twilight sailing on Wednesday evenings, during daylight savings. Less of a race, more of a social event for many, getting out on the water after a day's work and enjoying their passion, as the sun sets. Followed by a get-together at the Club to enjoy a bite to eat and a drink – it's as good as it gets.

When it's not daylight savings, we still get out on the water on Wednesdays, but in the afternoon, so that we can get back to the Club before dark. These non-spinnaker Wednesday races are sailed in the Port Hacking Estuary off Jibbon Beach.

We have Sunday races, in Bate Bay and some longer passages to Wattamolla, Wedding Cake Island and even to Wollongong. Both spinnaker and non-spinnaker divisions means that crews can participate at a suitable level. Each January we compete in the Navigator's Cup, held to commemorate Australia's historical sailing links with Botany Bay – our first port.

For new sailors, the Twilight Series is the best way to ensure a crew position and meet skippers. Those with a little more experience are always in demand for the more competitive events.

Some boat owner members also bring their yachts and crew to some of the major sailing festivals, such as Sail Port Stephens in April and Hamilton Island Race Week in August. Many of our crews head South on Boxing Day, for the Rolex Sydney to Hobart Race.

Ultimate care for you and your family

We will help you arrange a personalised funeral for your loved one with the utmost care and compassion.

We understand the local community as we have been serving Sutherland Shire families for over 23 years. Our team have over 50 years of combined experience helping families in their time of need.

We have an intimate chapel that can accommodate up to 20 guests giving you the chance to spend time with your loved one prior to the service. We are conveniently located 1 minute away from Sutherland train station and are a short walk away from Woronora Memorial Park.

RMYC Golf Club

Formed in December 1995, the Royal Motor Yacht Club - Port Hacking Golf Club consists of a group of passionate players who play once a month on a Friday.

Golf Club members must be a member of RMYC - Port Hacking and pay a small annual subscription on top of their main membership fee.

You don't have to be Jason Day or Adam Scott – though neither would be turned away! – just have a love of the game of golf and for having a good time surrounded by like-minded people.

So don't worry if you don't know the difference between a sandwich and a sand wedge, you can still spend a fun and enjoyable time on the greens.

Just like our fishing sub-clubs, you can look forward to the stories shared about the one that got away over an enjoyable post-round beer, though our tall tales are not about that new record Kingfish or Blue Marlin, but about that missed short putt for birdie!

Each of our players is given a handicap to be able to compete in the Club Championship, which is our "major" at the end of the season. These handicaps are based on the best eight out of ten rounds.

The beauty of the handicap system (and we have players ranging from 0 to 36) is that any player can be competitive on any given day if they play to or exceed their potential.

If you require any further information or would like to be involved, please do not hesitate to contact us via the Club.

FJP Manufacturing is a proud local Australian company, which recently celebrated 60 years of manufacturing excellence, and offer a high level of service to our customer base.

During the many years of operation, FJPM has built up a wealth of equipment, knowledge and skillset which we can offer to assist in your metalwork requirements.

TEC DOES EVERYTHING – BETTER

The only 100% infrared grill on the market

Versatile - slow cooks and sears

Rapid pre-heat and self-cleaning

- reaches 480c in 7 mins when preheating on high with the hood closed.

No hot or cold spots

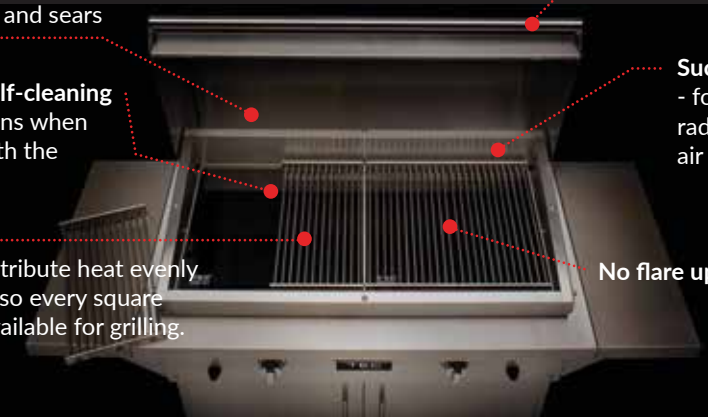

- patented burners distribute heat evenly across cooking grates so every square cm cooking surface available for grilling.

Made and designed in the USA
-Sole distributor of the TEC grills in Australia & NZ.

Succulent Tasty Food

- food is up to 35% more juicy as radiant glass panels block rising hot air from burners that dry food out.

No flare ups

The world's most versatile grill

Fishing Club

Formed in 1972, the RMYCPH Fishing Club has grown into one of the major sub-clubs in the Royal Motor Yacht Club - Port Hacking family.

Membership of RMYC - Port Hacking is a pre-requisite of joining the Fishing Club, with a small additional annual membership fee payable.

The group fishes from September to May each year with a break during winter. Competitions are held every two weeks on average, starting at 7am on Saturday until weigh-in on Sunday at 3pm.

It is great heading back to base as anticipation builds ahead of finding out who has landed the day's big catch. Weigh-ins are conducted at the flagstaff in the outdoor lawn area and, win or not, it's always a fantastic social occasion, with a superb meal from Yachties Bistro and a refreshing and well-earned drink or two to follow.

Wherever you go,
go McGann

Port Hacking

Game Fishing Club

Royal Motor Yacht Club -
Port Hacking is proud to be
the home of the Port Hacking
Game Fishing Club, one of
the oldest and most highly-
regarded fishing clubs in
NSW waters.

The Club enjoys strong affiliations with the sport's governing bodies and many of its members past and present hold a range of state, Australian and world records.

Membership is strong, with well over 250 financial members and some 50-plus boats ranging in size from 19' to 76'.

During the fishing season members represent the Club at various tournaments Australia-wide and our Club Point Score days are held twice a month over the weekends with members being able to elect either Saturday or Sunday to fish.

During the year there are many Club functions and events, including members' meetings with guest speakers, boating excursions and overnights away.

The major event of the year is the Port Hacking 100 Tournament, held towards the end of the season in April/May, which attracts hundreds of competitors and their vessels from around Australia all eager to experience an exhilarating weekend of action and the chance to land a share of the huge cash and prize pool on offer.

Port Hacking Game Fishing Club prides itself on being a friendly, family-oriented Club and actively looks to get all ages involved in what is a great sport.

Visit the Club's dedicated website, www.phgfc.com, for more information and find out how you can become a member.

How to

Find Us

Royal Motor Yacht Club - Port Hacking is located in Cronulla in Sydney's south, roughly 30km from the CBD.

Travelling east towards Cronulla along Kingsway, turn right at the top of the hill onto Woollooware Rd (look out for the blue Royal Motor Yacht Club sign). Stay on this road for about 1.5km, crossing one roundabout (Caltex garage on your left) and you will come to the entrance to the Club on your left.
